INDEX TO VOL. IV.

About agents....307
Adam Grimm....303
Alsike Clover....10, 164
Ants....33, 200, 272, 280
Apiary, A "barn"....194
" Doolittle's....155
" Floating....165, 187
" German, A couple of hours in....267
" Hexagonal, Laying out....222
" House....6, 7, 33, 111
" " A success with extractor....237
" Our own....6, 24, 51, 115, 130, 158, 185, 200, 236, 284, 300
" Townley's....180
" At Agricultural College, Mich....295
Apiaries in winter, Must they look untidy?....295
A woman's trials and triumphs....252
Bees and squashes....181
" Black, dark honey, Italians, light honey....236, 250
" Burying for winter....275
" Candy for....8
" Carving for....56
" Chilled....109, 115
" Common, and box hive....153
" " " Italians....165
" Can they talk, and how much?....238
" Disturbing in winter....14
" Dead, do they "come to life?"....83
" Don't let them loaf on the outside?....161, 186
" Doubling up in the spring....220
" Gallup's....5
" Giving them a "fly"....214
" How long they will live dormant....10
" " Far they fly....12, 74
" " To get one swarm, and no more....152
" " They store pollen....154
" " " Carry wax and propolis....236
" " To get out of a chimney....250
" Hiving a natural swarm....266
" In a city....278
" Light colored....33, 46, 75
" Moving....125
" " In summer time....107, 172
" " To the swamp for fall honey....238
" " Short distances....280, 296
" More than a barrel of them....179
" On outside of hive....236
" On shares....123
" Robbe's, catching....98
" Renting and taxing....110
" Rape for....140
" Starving....113, 275
" Stealing....309
" Shipping by R. R....276, 285
" Toads *do* eat them....12, 13
" Use sugar syrup, but not molasses....293
" Workers in drone comb....10, 219
" Why desert hives?....46
" When to take out....54
" What makes ragged wings....74
" With not enough to winter....281
" Young, playing in the afternoon....192
" Balm....303
" Botany and entomology....217, 297
" Disease....152
" Fever, what to do for it....313
" Plants....313
Beeing, last year's....103
Beeswax....190
" Cash for....79
Boxes, honey....76, 156, 236
" " Gonnelly's....224
" " How to *make* bees work in them....209, 227
" " How to get the bees out of them....98, 265
" " J. P. Moore's rack for....72
" " Protecting while filling....186
" " Raising, partly filled....14
" " Side....101, 285
" " Side and top....255
" " Seeing the bees at work in....106
" " Unfilled....187
" " Vs section frames....244
" " When to put on....152
" " Sections....4, 40, 76, 99
" " " And smokers....75
" " " " Thick combs....129
" " Brood and pollen in....134
" " Case for....3, 77
" " " " Shipping....182
" " Doolittle's....296
" " For hives crammed with honey....276
" " Guide comb for....79, 80
" " Hetherington's....312
" " How to make....102
" " " " Put on the hive....210
" " " " Remove....234
" " " " Doolittle works with them....212
" " Moths in, and Italians....309
" " Omitting the separators....209
" " Starters of natural comb for....296
" " Suspended....276
" " Tin separators for....73, 75, 133, 144
" " Universal....77, 217
" " Used inside the large frames....217
Blasted hopes....22, 184, 277
Brood, spreading....156
Buckwheat, best kind....240
" Silverhull....32, 279
" Who will answer?....12
California....6, 11, 30, 45, 264, 268
" Notes....99
Candy for bees....8, 25, 39
" " Brown sugar....315
" How much per month....101
" Honey....32
Chaff....130, 155, 162, 165, 191, 192
" Buckwheat, for wintering....305
" Cushions....238, 244
" Hive....274, 288
" In the upper story....227
" Leave an air space above it....301
" Packing....269, 291, 299, 305
" " for indoor wintering....301
" Packed Q. hive, report from....225
Colonies changing places with....255
" Queenless in the fall....305
" Making with bees from different hives....199
" 25 from 2, in 2 years....236
" 13, and 450 lbs. honey from 1, in 1 season....279, 293
" 11 from 1, and lots of honey....302
" 1,400, and 50,000 lbs. of honey from 46, in 2 seasons....306
" Uniting....34
Comb building, separators for....160
Combs, empty, how to store away....159, 207, 216
" " And frames of fdn....224
" Melting down....56
" Petrified (?)....84
" Starters of natural....303
" Very thick, who will heat?....167
" Worker vs. drone....84
Comb foundation....29, 39, 127, 143, 159, 161, 162, 171, 179, 185, 187, 188, 194, 196, 238, 240, 245, 247, 248, 250, 251
" " And Wagner's patent....80, 142
" " Bulging....227
" " Eggs in 12 hours on it....228
" " Five cells to the inch....309
" " Fastening into frames....172
" " How to make....8, 9, 21
" " Long's....22
" " Larger than drone cells....132
" " Machine....40, 68
" " Notes....285
" " Of plain wax sheets....105
" " " drone comb....72
" " Offered for sale in 1859....154
" " Shall we fill the frames?....22
" " Who has tried it?....168
" " Yellow, for comb honey....237
Damages....240
Death of Adam Grimm....105
Division boards....5
Dodecahedron....20
Does it pay to advertise things?....301
Doolittle, Various matters from....74, 155, 249
Drones congregating in a body, etc....302
Drones from drone laying queens....84
Drone theory....105
Dwindling, Spring....124, 134
Eggs, Bad....245
" In 12 hours on the fdn....228
" Transposing....105
Entrances....5
" Contracting not a preventive, etc....100
" Where?....77
Evergreens for shade....220
Extract from all unfilled sections....302, 304
Extracting and straining honey....50
" From brood combs....27
" Not too close....194
" Wax and honey, California way....18
Extractor, Discovery of....8
" How to make....110
" Heavy....50
" Wood for....14, 167
" Wax....167
" " Home made....223
Feeder....220
" A pepper box....250
Feeding and loaf sugar....82

" Bees honey cappings....189
" Extracted to get comb honey....216, 236
" For winter with fdn. instead of comb....219
" How early?....50
" Meal....54
" " *Perhaps* not essential....206
" Old plan and new....219
" Problem, our solution....188
" Spring....124
" Scraped up wax....221
" Will it pay during a bad season?....286
Foul brood....71, 281
" " And pure water....121
" " Cure for....208
" " Is it?....304
Frame making....103
" A standard....208
Frames but 6 inches deep....206, 302
" Hexagonal....237
" Open, etc....284
" Quinby, how to make....62
" " Closed end....228
" " Lining end bars with tin....277
From across the ocean....243
Gloves rubber....161, 252, 256
Guides, comb....172
" " How to fasten....80
" " Plain sheets for....14
" " Section, should be length of top bar....281
" " Who will make the nicest, as on page 21?....83
" " Yellow wax for....83
Hives....26, 49
" And something about them....180
" "Centennial"....108
" Chaff....274

Metal Corners.....Feb. Supplement.
Tin for fancy box.....78
" Separators.....77
Transferring.....45, 213
Universal sections.....102

Now if you wish to get the real value, of this Index, you should have a Binder (these we send by mail for 50c. will hold 3 Vols., and are very neat and handy) and then you can find anything you wish, can at once get at all that is said of any particular thing, or if at any time take a liking to any particular writer, you can turn to all his articles readily, and get so well acquainted with him that it is almost like paying him a visit. Furthermore, if you have all the numbers nicely preserved, you may be able to sell them for more than cost, for we are now offering $1 for Vol. III that only cost our readers 75c., and we find it hard to supply the demand. Vol. IV, bound with brass clips, free by mail for $1.00.
